Dunbarton Energy Committee Meeting Minutes, May 15, 2017
Members Present: Bob Martel, David Elberfeld, Louis Duval, John Stevens
Public: None

Meeting opened at 7:04 PM

1. Public comment
   • None
2. Approval of Apr. 17 Minutes
   • Approved
3. Lou introduced 2 new products, LED strip lighting for overhead lighting and solar shingles are a new product being introduced. Also available in the package is a backup battery pack.
4. We will look again this year at a Town Solar project, most likely ground mount. John showed a map marked up with all town owned properties in Dunbarton as possible sites. We will need to review these properties for solar potential and deed restrictions. David will contact Revision energy, a solar provider with much experience in town and community solar installations, regulations and lessons learned in New England, to come to the next meeting. They are a vendor but we will be clear that any purchase actions will go out to multiple vendors.
5. Lou and David will continue the visits to solar installations here in town to learn more about how their experience worked out.

Meeting adjourned at 8:43 PM
Next meeting: June 19, 2017
Respectfully submitted: John Stevens
