

Dunbarton Energy Committee Meeting Minutes, Jan. 20, 2014

Members Present: Lee Richmond, Bob Ray, Wayne Bracey, John Stevens

Meeting opened at 7:09 PM

1. Public Comment

None

2. Dec. 13, 2013 Minutes approval

Approved

3. Project reports:

\* Neighbors Warming Neighbors program:

Bob and John reported on the results from the latest home visit. This visit was our first apartment and needed an OK from the landlord. We discussed the findings and measurements taken and finalized the information for the report to the tenant. John will finalize composition and send to the tenant as well as the landlord.

Discussed further the completion of remediations on the two previous home evaluations.

We discussed the advisability of applying for a grant from the New England Grassroots Environment Fund for a thermal camera for use in home evaluations.

Members approved proceeding. John will write grant request for \$995, the cost of the thermal camera.

\* School RCx heating system evaluation:

Contractor has been contacted by the School CIC to finalize the schedule for this work. Some remediation of critical issues has been done but the final air balancing and control computer re-commissioning is yet to be done.

\* Central NH Local Energy Committee Roundtable:

No activity from this group since last spring.

4. Community outreach, new ideas.

\*Transitions: Kris and John continue to meet with the Transitions group.

5. Publicity:

No new efforts except trying to get the word out about the Neighbors Warming Neighbors program.

6. New Business:

None

Meeting adjourned 8:20 PM

Respectfully submitted: John Stevens

Next meeting Monday, Jan. 20, 2014
