

Dunbarton Energy Committee Meeting Minutes, Feb. 17, 2014
Members Present: Bob Ray, Wayne Bracey, Ted Vallieres, John Stevens
Meeting opened at 7:07 PM

1. Public Comment

Brian Pike came to learn more about what the EC is doing.

2. Jan. 20, 2013 Minutes approval

Approved

3. Project reports:

* Neighbors Warming Neighbors program:

The thermal camera has arrived.

We are looking for more residents homes to work on before the weather warms up. John will contact a few people who have expressed interest in getting thermal images of their homes. In the meantime we will take images of some EC members' homes and acquaint ourselves with the camera use.

We will try to set times with previous NWN clients to go back and take thermal images of their homes.

* School RCx heating system evaluation:

Balancing will be done once the heating system's filters have been cleaned and proper mechanical operation is assured.

* Central NH Local Energy Committee Roundtable:

No activity from this group since last spring.

4. Community outreach, new ideas.

*Transitions: Kris and John continue to meet with the Transitions group.

5. Publicity:

Need to put a NWN announcement of the EC webpage.

6. New Business:

None

Meeting adjourned 8:20 PM

Respectfully submitted: John Stevens

Next meeting Monday, March 17, 2014.
