

Dunbarton Energy Committee Meeting Minutes, Aug. 19, 2013

Members Present: Jason Dubrow (& Peia), Lee Richmond, Wayne Bracey, George Holt, John Stevens
Meeting opened at 7:08 PM

1. Public Comment

None

2. July 15 , 2013 Minutes approval

No meeting held July 15

3. Project reports:

* School solar panels:

The temperature sensor at the panels has become erratic, George Holt will look into the cause and solutions.

* Button Up Workshops:

No new developments at this time, more expected when the Central NH Local Energy Committee Roundtable reconvenes this fall.

* Neighbors Warming Neighbors program:

We will be readying for the fall season of this program. This includes installing the measures identified in last winter's home visits as well as making a program outline for the coming season. It appears that the visit checklist and guide is sufficient, we need to plan publicity and homeowner approach further. Wayne Bracey will prepare an outline to be reviewed by members.

* School RCx heating system evaluation:

Dan Vankalken is the new Head Custodian at the school and Owen Harrington, the new Principal, is interested in following through on the Retro-commissioning and heating system improvements. We will be supporting them in the continuation of these efforts. We will pursue implementation of the action items noted in the retro-commissioning report.

* Central NH Local Energy Committee Roundtable:

No meetings since the last meeting which created the NH Energy Exchange website. Will be meeting soon to plan energy workshops for this fall.

* Transfer Station lighting

The Lighting Audit report is due later this month. We will bring the results to the Selectmen when it arrives.

* The Library is interested in replacing their six 400 watt ceiling bowl lamps with new ones that are less prone to failure and more energy efficient. Annual electric savings could be almost \$600 in addition to a reduction of maintenance costs.

4. Community outreach, new ideas.

*Transitions: Kris and John have been meeting with Andrea at the Library and Selectman Travis James working on a Mission statement and approaching other groups in the Dunbarton Community. Lee Richmond asked to be included in future meetings / discussions.

5. Publicity:

6. New Business:

None

Meeting adjourned 8:03 PM

Respectfully submitted: John Stevens

Next meeting Monday, Sept, 2013.
